Subject: Report western horse mackerel focus group on harvest control rule evaluations 2020
CC: Pascale Colson

Dear Ms Vitcheva,

Hereby we would like to give a follow-up on our letter of 28 July concerning a rebuilding plan for Western horse mackerel.

Please find attached a report from the western horse mackerel focus group on harvest control rule. This report is the technical-scientific basis for the management plan proposed by PELAC. We would therefore be grateful, if the Commission could forward this report to ICES as soon as possible

In case you have any questions, please do not hesitate to contact the secretariat.

Kind regards,
