Working Group I issues

14. Herring stock fishing opportunities

Irish sea

Recommend that:
- ICES advice is followed (i.e. to set a TAC of 4400t)

14. Herring stock fishing opportunities

Area IIIa and subdivision 22-24

Recommend that:
- A documentation should be made, explaining the rationale behind the setting of this TAC
- Refrain from recommendation on the TAC itself

15. Management plans

Herring VIa North (West of Scotland)

Send letter to EC:
- Annex 6a

Send letter to Member States:
- Annex 6b

Send letter to presidency:
- Annex 6c

15. Management plans

Herring IIIa and subdivision 22-24

Recommend to the EC that:
- Commission should start drafting a management plan for this stock, based on the ICES report
- It should include the recommendations listed in the report. (also: that there should be a fixed allocation between the sub areas)

15. Management plans

Mackerel
